## a digital curation tool

Download on the  
App Store

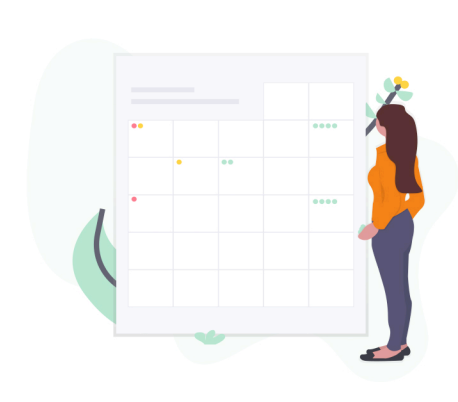

### With Blyp, create digital memories.

They can be photo-based, text-based, location-based, or any combination of the three.

### Appoint a legacy contact.

Your legacy contact will notify Blyp when you have passed.

### Determine when loved ones can see a blyp.

Select a date in the future--your daughter's 30th birthday, or your wedding anniversary.
