

### MSIM Internship Final Reflection

Please submit completed document via Canvas no later than Friday 8/7.

I recognize that, for many of you, you will be submitting this form several weeks before the internship is complete. I'm afraid this is necessary to be consistent with our academic quarter schedule, and to assure that you receive credit on time. Please feel free to email me an updated reflection when the internship is completed.

#### Host Site and Staff:

Briefly describe your host site (including scope and function of products &/or services provided, site description, organizational structure, student orientation etc.):
