

FROM ALIENS TO ZORRO:

Resource Organization Proposal for the Macalester College Library Media Collections

THE PROBLEM

The aim of the project was to answer the questions of how patrons wants to utilize the Macalester College media collections, if those wants are being met, and how the library can best serve their patron group.

THE PROCESS

- **Literature review
- **Observations at similar and/or local institutions
- **Survey of Macalester College Library community

THE FUTURE

- **Creation of dedicated media space to house film, and music collections and promote streaming services
- **Reorganization of film collection: feature films in ABC order and documentaries in LC order
