

87-94% of individuals do not report workplace harassment to their HR Departments.

*EEOC Report June 2016

Why do people not report?

Fear of Retaliation

Unclear Processes and Reporting Systems

Lack of Support and Trust

Our Solution:

Harassment Occurs

Reporters and all Bystanders submit reports and any evidence into workSafe

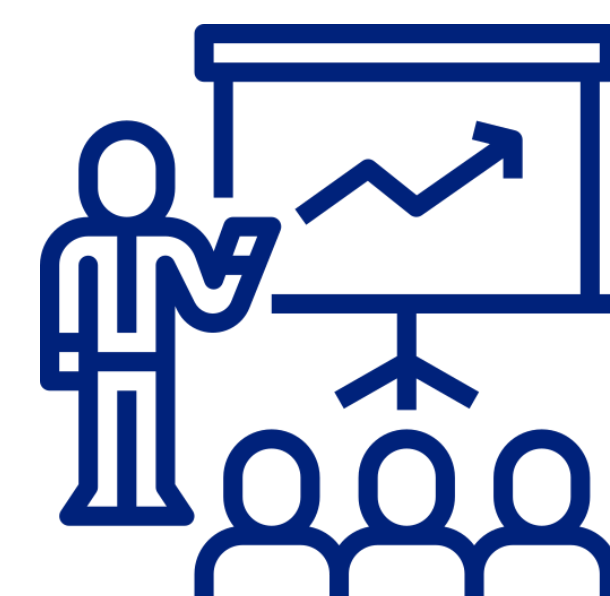

Human Resources Representative views report and changes state of the report

workSafe alerts Human Resources that a new report has been created

Reporter can view that their report has been viewed and where in the validation process their report is

workSafe generates HR Dashboard of report data so that HR can implement targeted policies to improve their company culture
