

## Major Emergency

User is in need of scheduled dialysis treatment but usual hospital has encountered a major regional emergency and is inaccessible due to road closures.

## The Solution

Hopelink consults our information repository to make the most educated decision on which transportation service and hospital to send the user to.

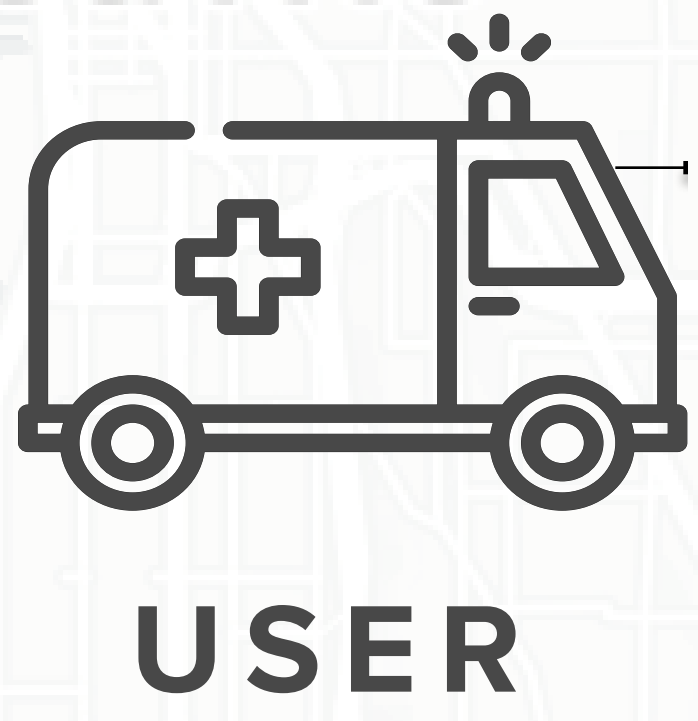

hopelink

## The Result

Users in need are more safely and efficiently transported to their destinations with the help of our repository provided by Hopelink

## RARET

The Regional Alliance for Resilient and Equitable Transportation.

A coalition of non-profit organizations and government agencies from across King, Snohomish and Pierce counties that seek to streamline the delivery of paratransit services

## Road Conditions

A repository of road conditions in the Puget Sound which aims to improve situational awareness for emergency managers and paratransit dispatchers.

## Resource Directory

A library of healthcare and other welfare services that emergency managers can fall back on in order to deliver patients to most appropriate facilities
