

An app to help keep our residents safe and connected

Solace is a free information technology iOS app that assists users experiencing abuse by connecting them to resources.

So...

Living with a resident who has been mistreating you lately? Experiencing problems with a partner, or you want to help a friend and don't know where to turn?

FEATURES

Private, Secure Messaging

Safely and securely send private messages to trusted contacts

Find Help

Find resources nearby on your island that can provide support and help you plan

Hide your app

Change the **Solace** app icon and screen to deter pesky residents and cloak communication with your neighbors and friends

Download **Solace App** in the iOS App store late May. Coming soon to the iPhone. 🍀
