

Welcome to real incompany communication

Automatically get paired with peers in your company to start building your community!

Mid-Large Tech companies have thousands of employees!

- This can be very intimidating!
- Hard to meet peers outside your team.
- Your are just also busy!

Don't worry. We got you!

Your work community is one connect away!

You are busy and we know how hard it is aligning schedules with someone!

We take into account everyones schedule to find your next connect so you don't have to!
