THE PROBLEM ADDRESSED:

35%

of students want more
lgbtqia+ representation
in the library

of students do not know
how to find the content
they're looking for

18%

OUR SOLUTION:

Craft and curate a dynamic, easy-to-navigate collection of LGBTQIA+ resources for student and faculty use.

HOW WE DID IT:

- Created a working LGBTQIA+ thesaurus
- Surveyed students, parents, and faculty
- Created individual collections within the Destiny Discover software

RESULTS

- Increased representation among library materials
- Better understanding of students' library activity and needs

DELIVERABLES

- A working, searchable collection in the BHS library software
- LGBTQIA+ book and resource recommendation lists
