# FINAL HIERARCHY

The Database of SIMM

Original video game sprites Copyright Square Enix  
Sprites are from Secret of Mana, Dragon Quest V, and Japanese Final Fantasy III

The King appears at the Forest of Stakeholder Expectations.

King: Your Legendary Chart of Gantt has my blessing and will serve you well! However, before the Epic Library can be built you must unlock the secret of Databases and Web Applications.

Receive +10 Confidence

3

Glen and Jess travel to The Waterfall of Latent Knowledge and defeat the dragon guarding the Tome of the Internets. The dragon drops Torch of XAMPP which guides our heroes behind the waterfall where they recover the Tome of the Internets.

Gain the skills of PHP and MySQL.

4

Glen and Jess mine the iSchool at UW for the resources to create the Legendary Chart of Gantt. With it, navigation through the Forest of Stakeholder Expectations is now possible!

Receive +30 Organization

2

Glen and Jess journey back through Forest of Stakeholder Expectations where they hone their database skills. Upon exit they receive a gift from the King.

Gain +25 Database Skills and Receive Gloves of Rapid Prototyping

5

Glen and Jess go to the Anvil of McMenamin and Forge the 16 Core Elements of Epic Video Game Metadata into an Epic Database.

Unlock Epic Database!

6

King: Glen and Jess - Your dedication has brought together the 16 Core Elements of Epic Video Game Metadata into one Epic Database. The people of Hierarchy now have their own Epic Video Game Library!

Townspeople: \*Cheer!\*
