

How Should Seattle Grow? Your City, Your Future!

PROBLEM Data needed to support Seattle's 20-year growth plan is inconsistent and difficult to find.

PROCESS

COMPARE → SURVEY → UNDERSTAND → ORGANIZE → DEVELOP

PROTOTYPE

Built central data library

Built managed metadata scheme

Refined search mechanism

PROS

Enables faster data retrieval & more accurate results

Consistent information to support the 2035 plan

Provides a unified data source for city employees

POSSIBILITIES

Library expands to other departments

Standardized metadata used city-wide

Public has access to relevant city-related data

 **Sponsors:** Katie Sheehy - Senior Planner
Diana Canzoneri - Demographer
 **UW Team:** Heather M Brammer - MSIM
Kirtika Dhathathri - MSIM
