

Creating a Parish Library

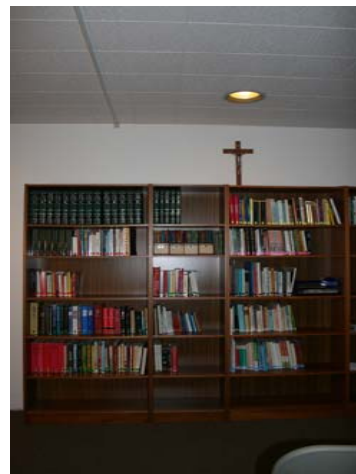

St. Luke Catholic Church

St. Luke Catholic Parish was founded in 1954. It is located in Shoreline, WA.

After exploring similar libraries, we decided on a subject classification scheme in which the books were separated into a number of categories.

Parish Library

Check in/ Check out

The check in/ check out system was evaluated. Parishioners sign out the books they want and sign them back in when they are returned. There is no due date.

Parishioners can donate books into the provided receptacle. They will be authorized by the Faith Formation Director and then placed into the collection by volunteers.

Donation procedures
