

Engage, Contribute, Impact

How do we engage outdoor enthusiasts to help support global health?

A Global Health Fundraising Platform

Outdoor enthusiasts can directly support the global health causes they care about while raising awareness and engagement within their community.

Browse fundraisers • Contribute to a friend's fundraiser • Start your own!

“One Device, Endless Impact”

This was an Indiegogo campaign that MSR ran to raise funds for a **clean water device**.

\$0.80

provides water treatment for **1 person**

78,000+ people
received safe water

Mountain Safety Research

MSR started a global health initiative to create a dedicated community for increasing awareness about global health through outdoor activities.

Project sponsored by Mountain Safety Research
