# Mentour

Problem

The UW lacks a standard process and platform for matching mentors with mentees.

**75%** — UW students have trouble finding mentors
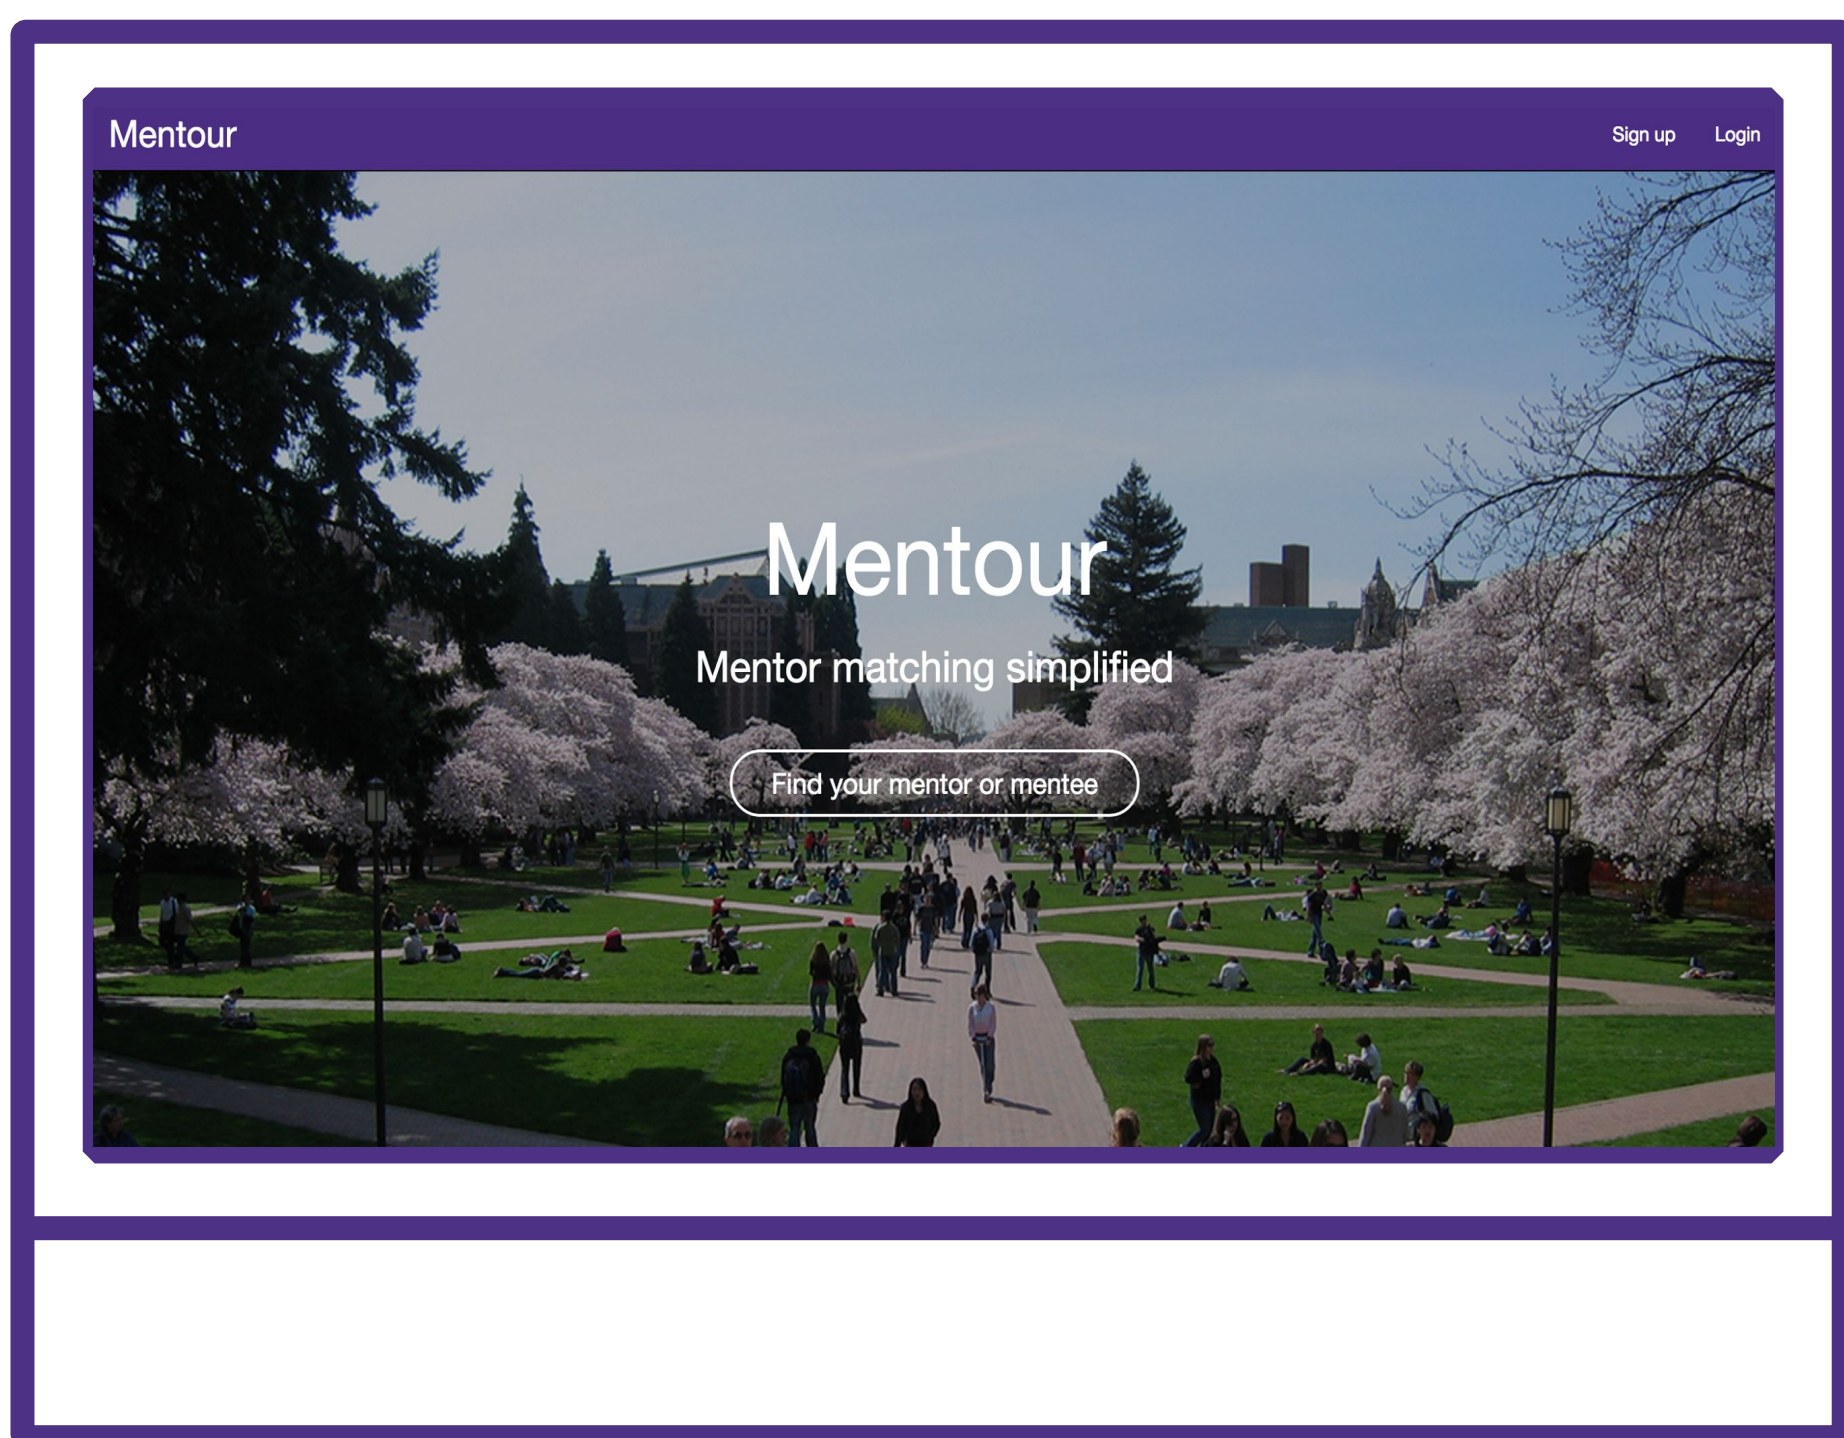

Current UW resources are not efficient

90% — Potential mentees are willing to pair up with mentors
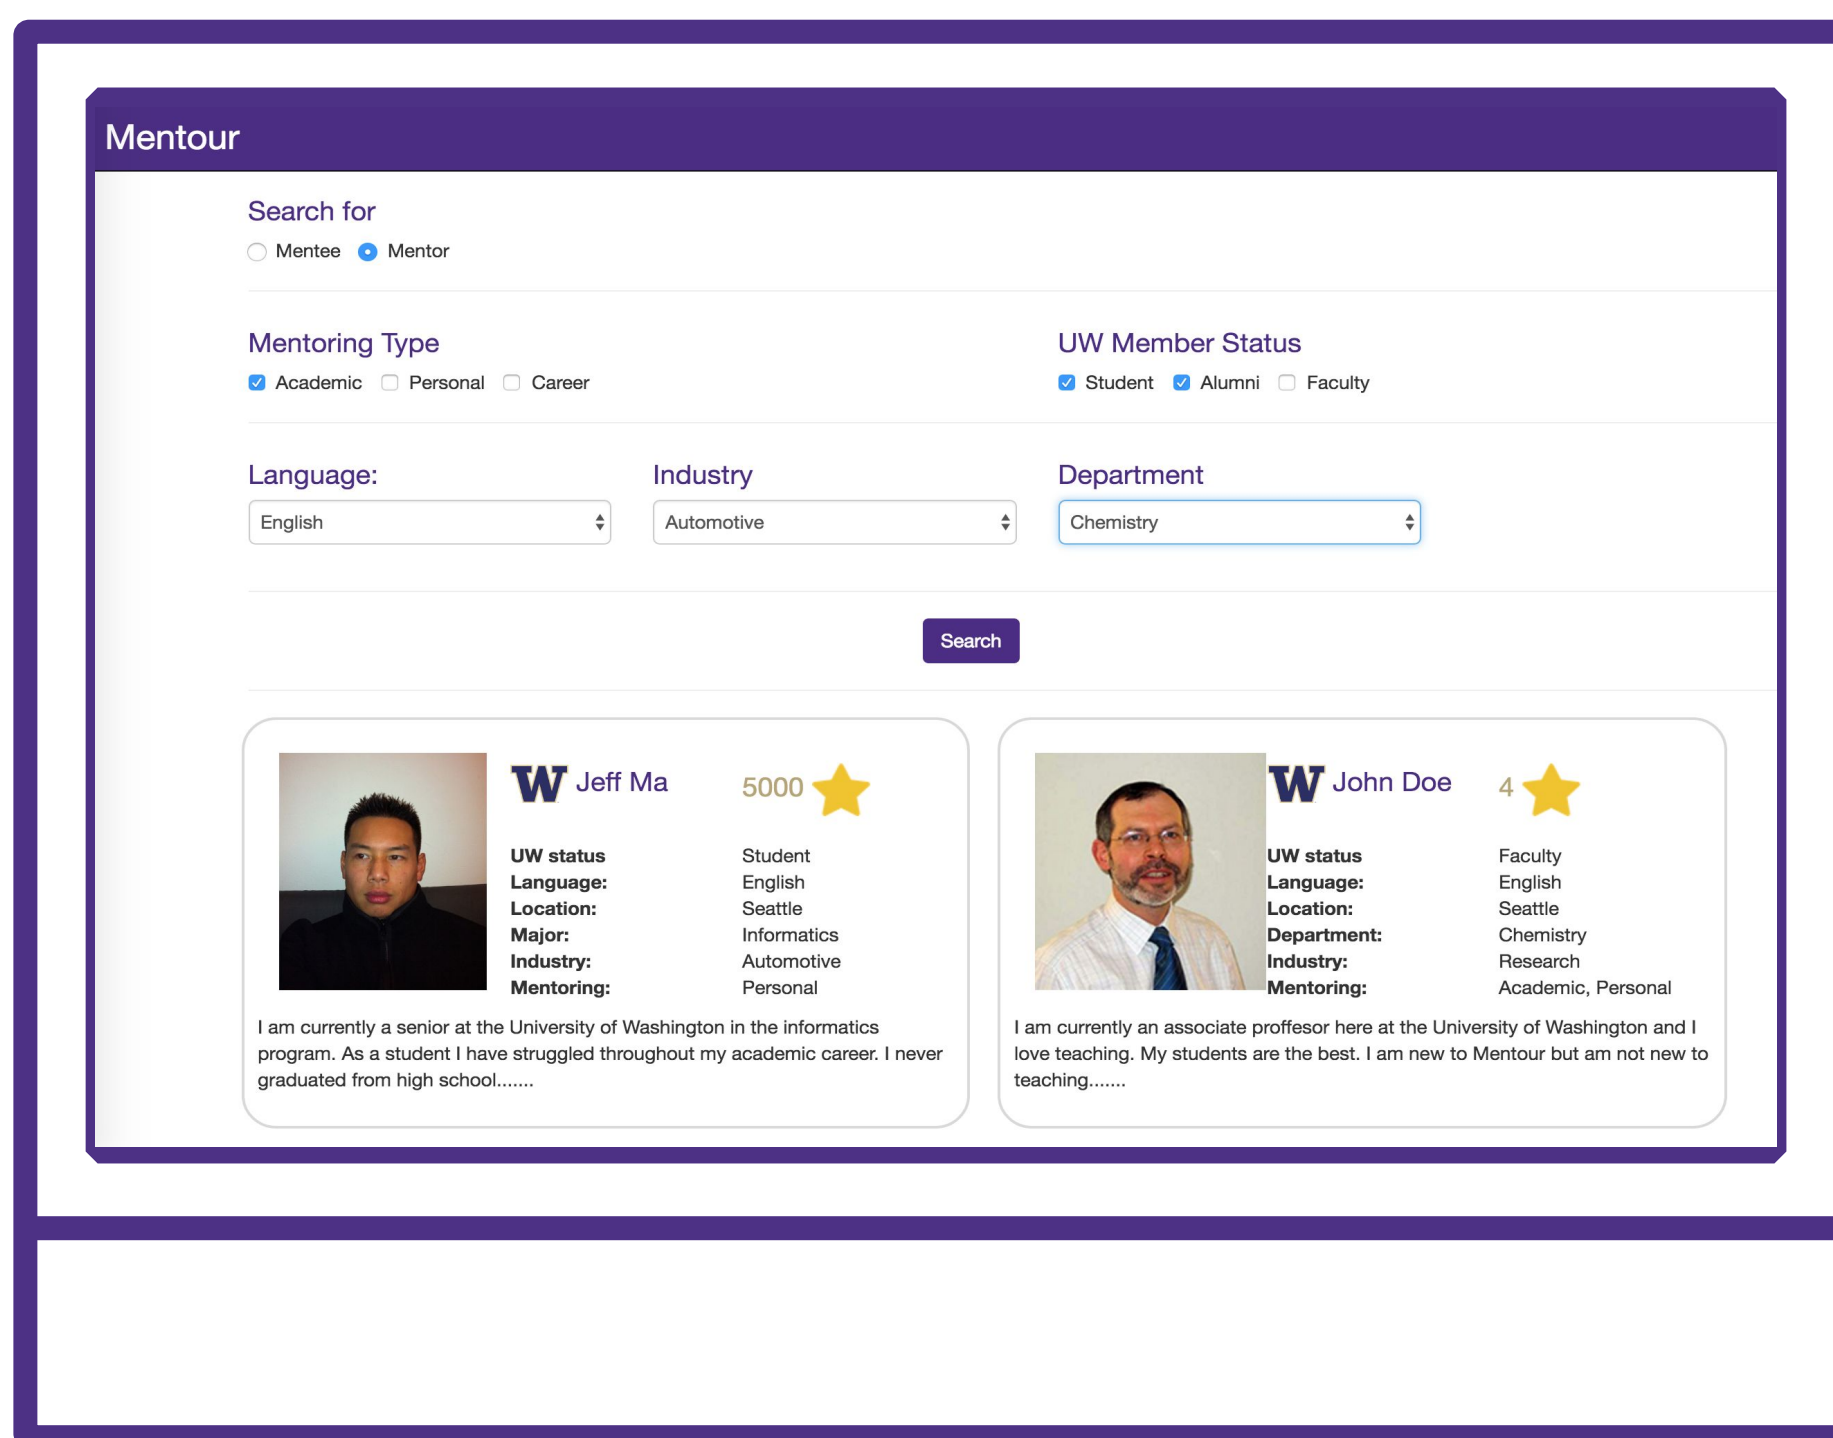

Solution

Mentour solves the current mentor / mentee matching problem and promotes mentorship at the UW through a website platform that will simplify and standardize the mentoring matching process.
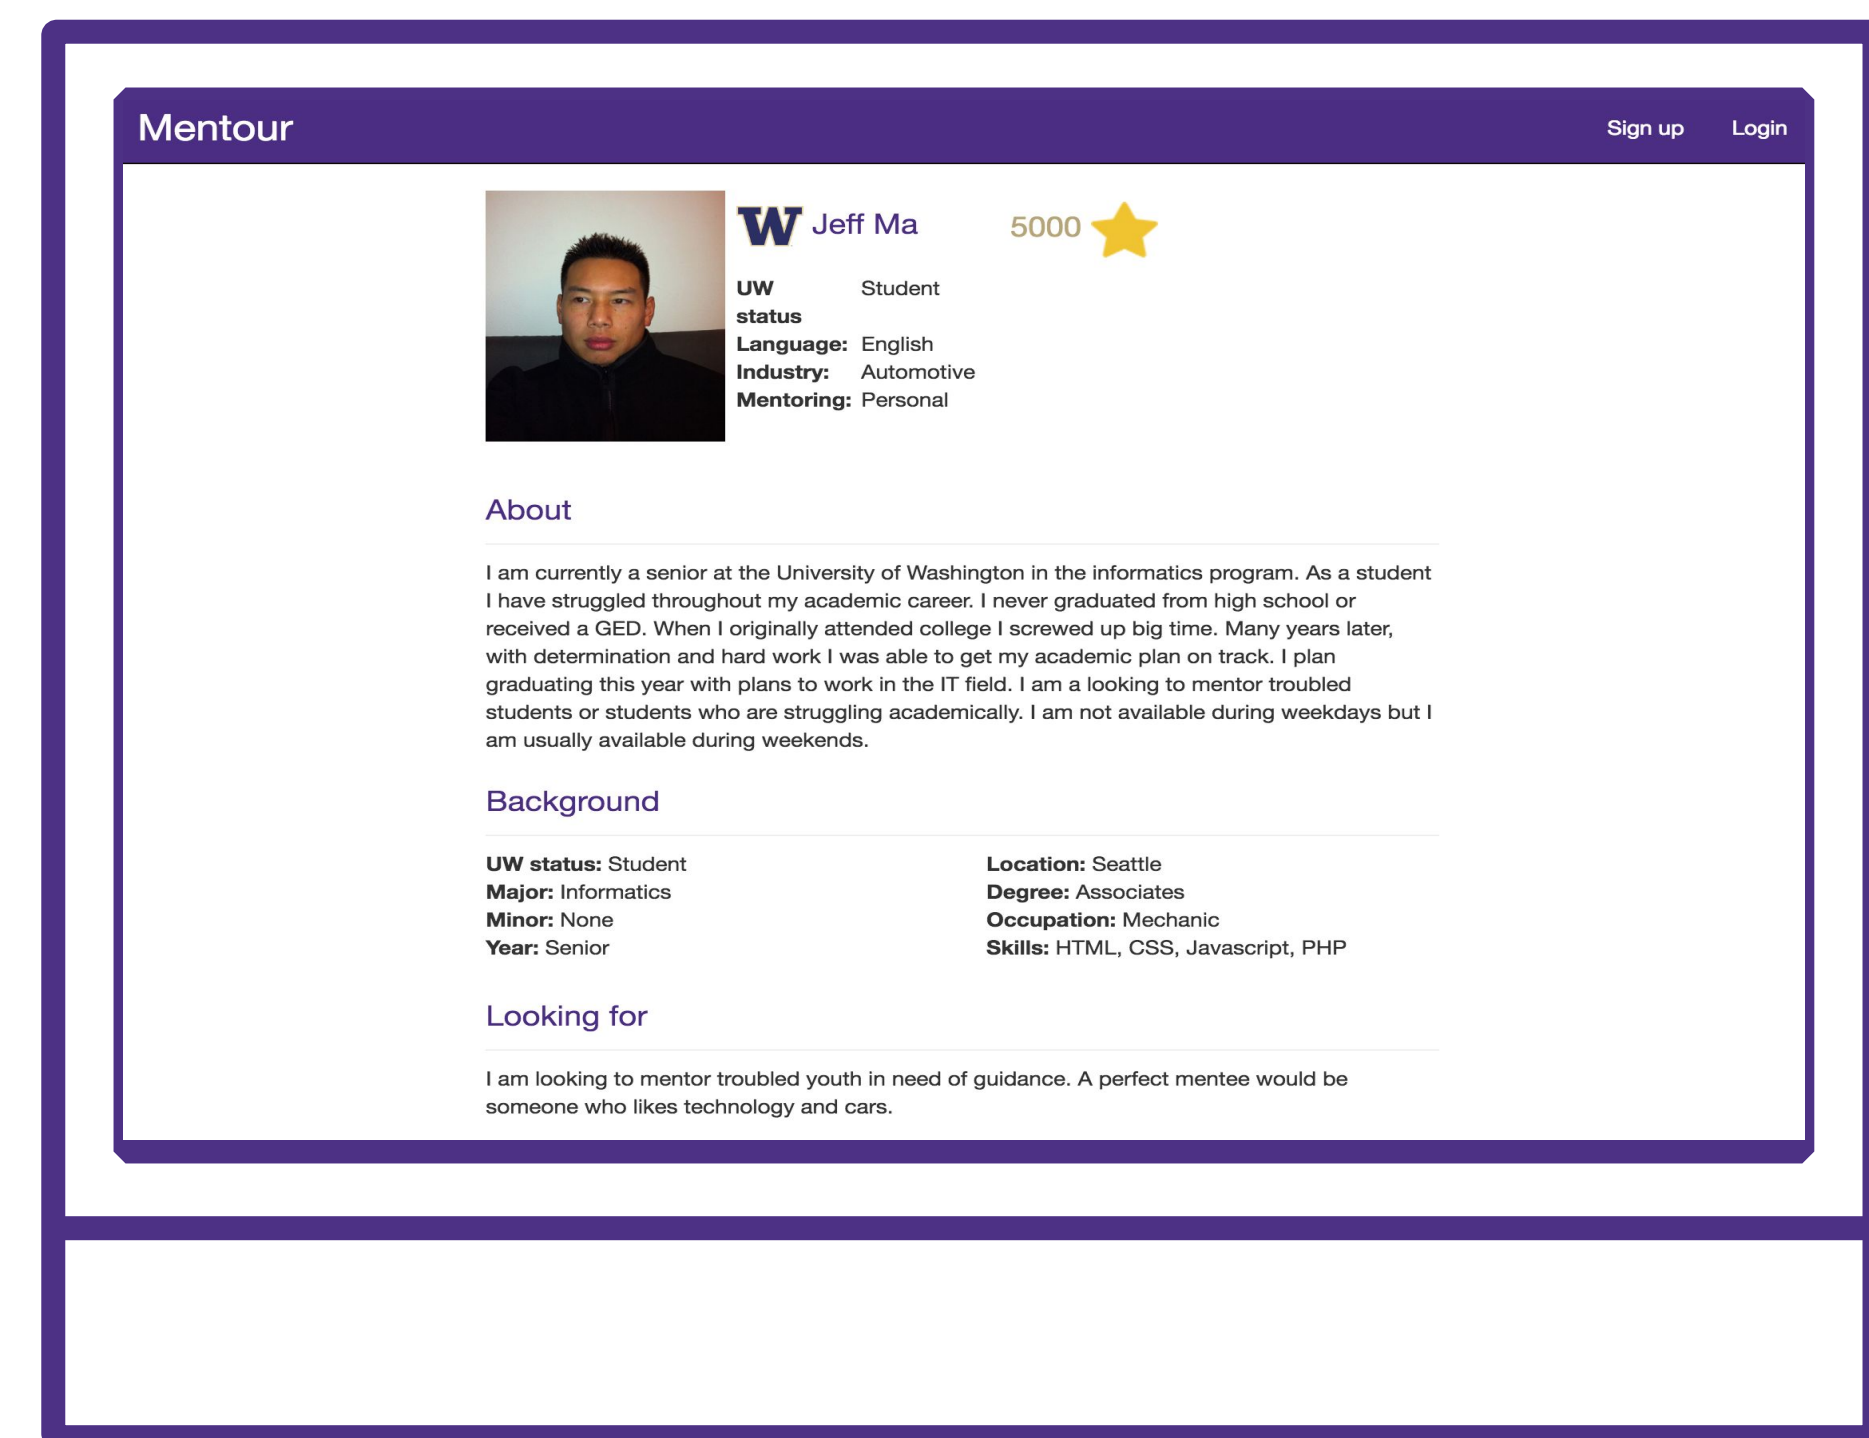

Academic

Career

Personal

Our solution focuses on 3 key areas which are critical to the development and success of mentees while improving leadership skills of mentors

List of mentor/mentee
