

Food in Motion

Improving efficiency for food rescue organizations

Drew Khaw, Megh Vakharia, Kenny Raymond

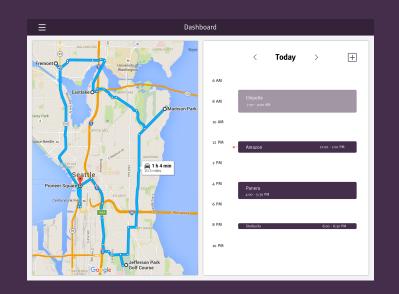

40% of food is wasted in the United States (CNN).

1 in 7 Americans rely on food banks to feed their family.

Current food bank systems are inefficient and out of date.

Operation Sack Lunch is the largest food rescue organization in Seattle. We're working with their Food in Motion program to improve their efficiency in picking up excess food from places like restaurants so they have more time to collect food from other donors.
