

# W

# Brockman Memorial Tree Tour

## Problem

Current tours are conducted using an **outdated, black and white** booklet. Students and visitors have **trouble finding** tree species.

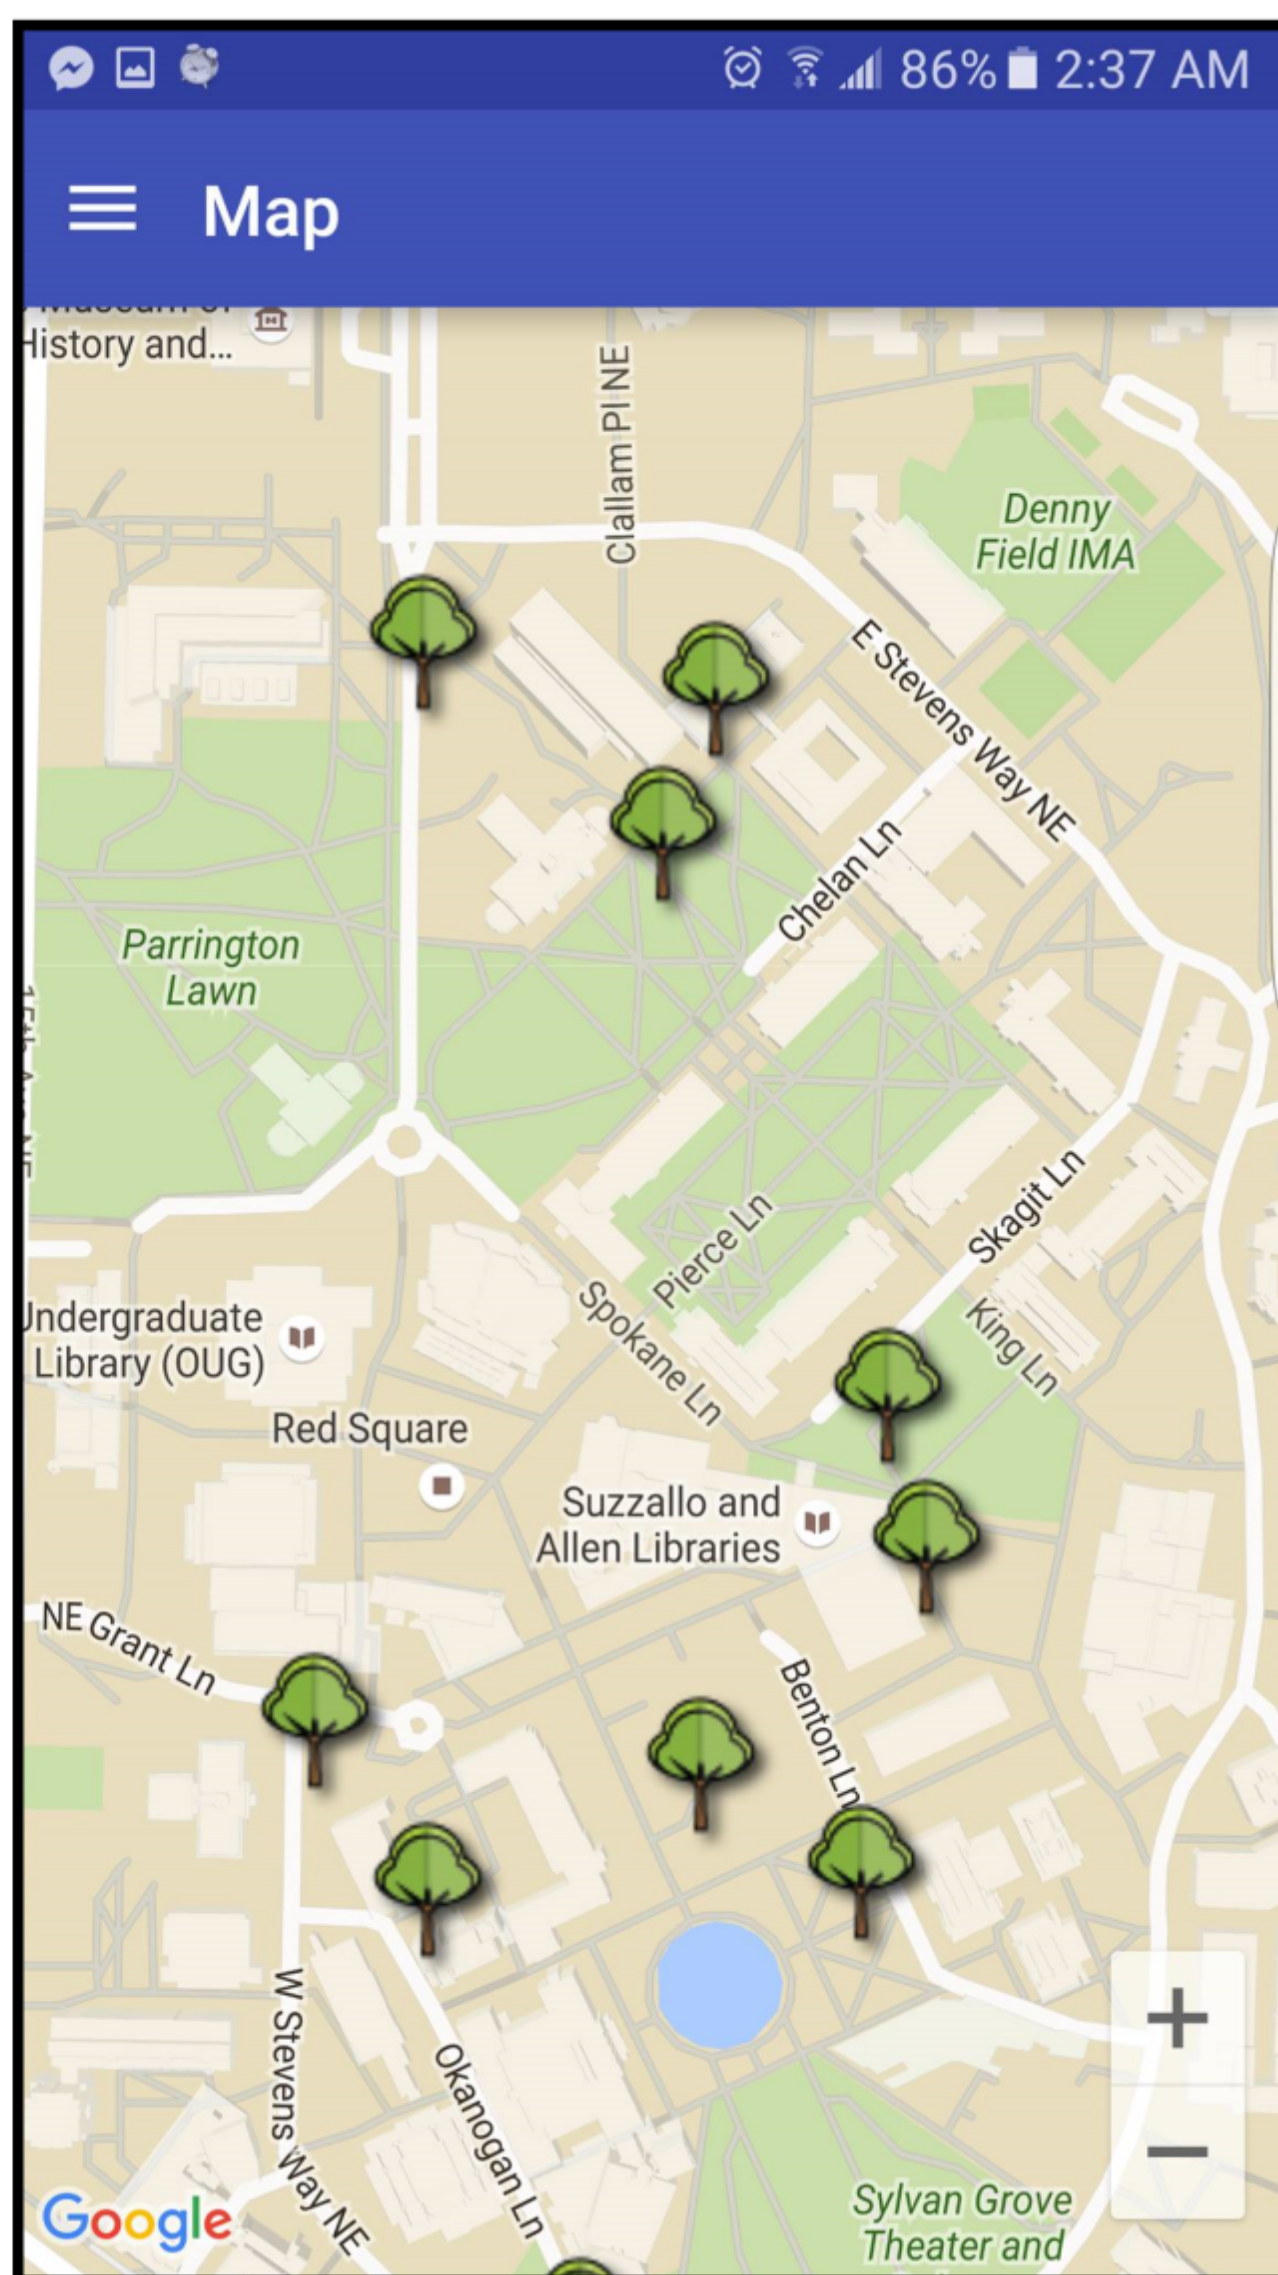

Booklet -> Lost on Campus -> ???

## Solution

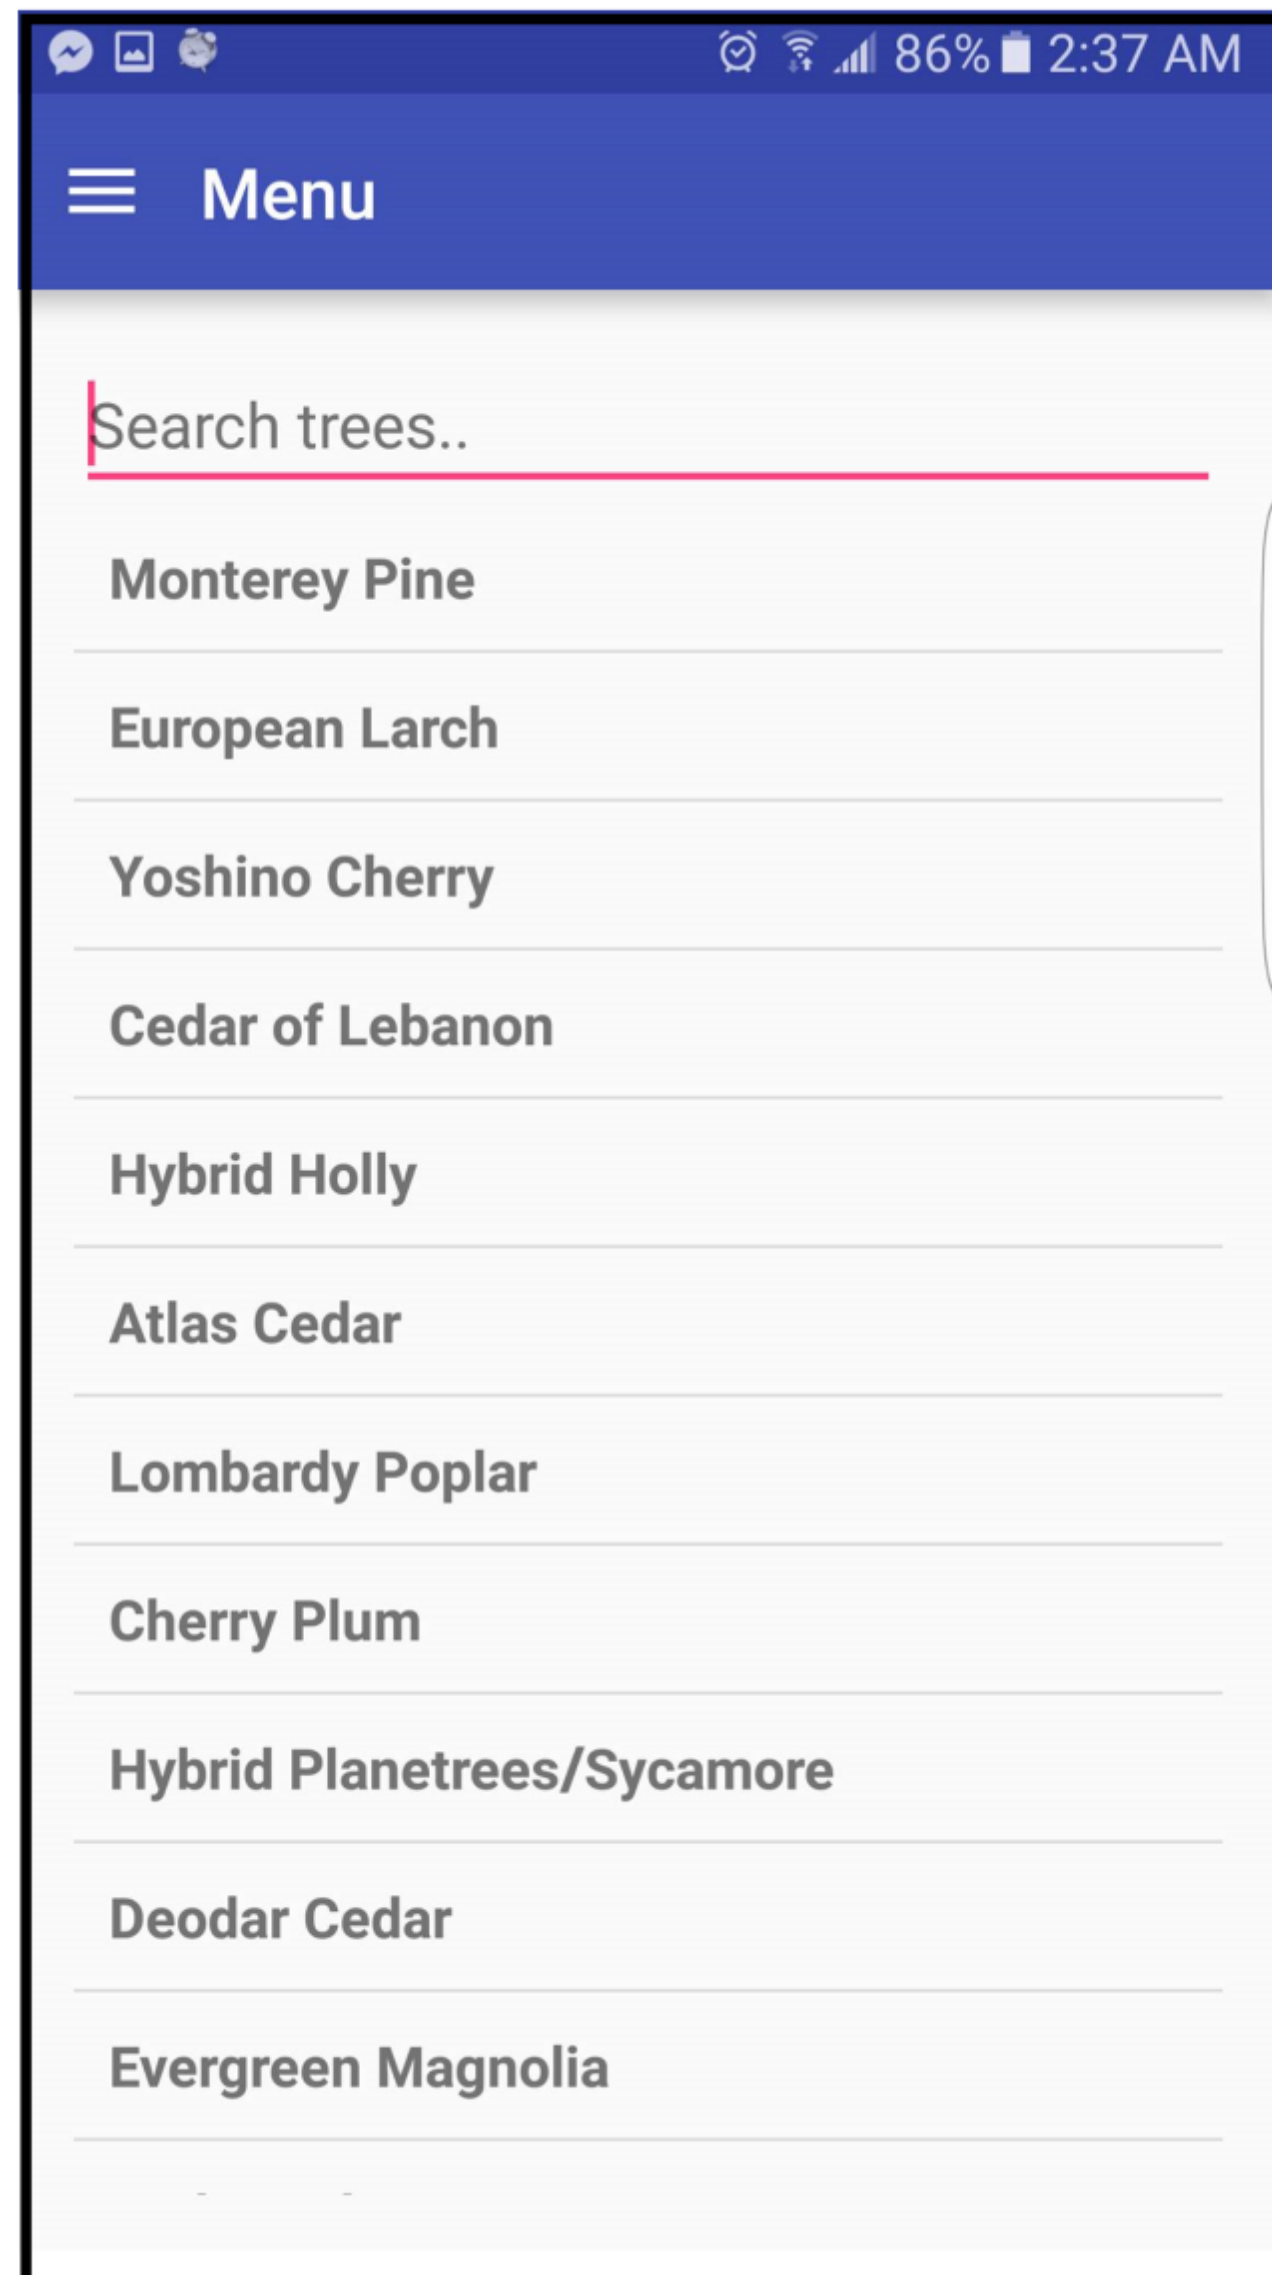

This android application will provide **accessible** and **fun user experience** for the different trees on campus.

Booklet -> Android Application ->  
Trees Found -> Users Happy!

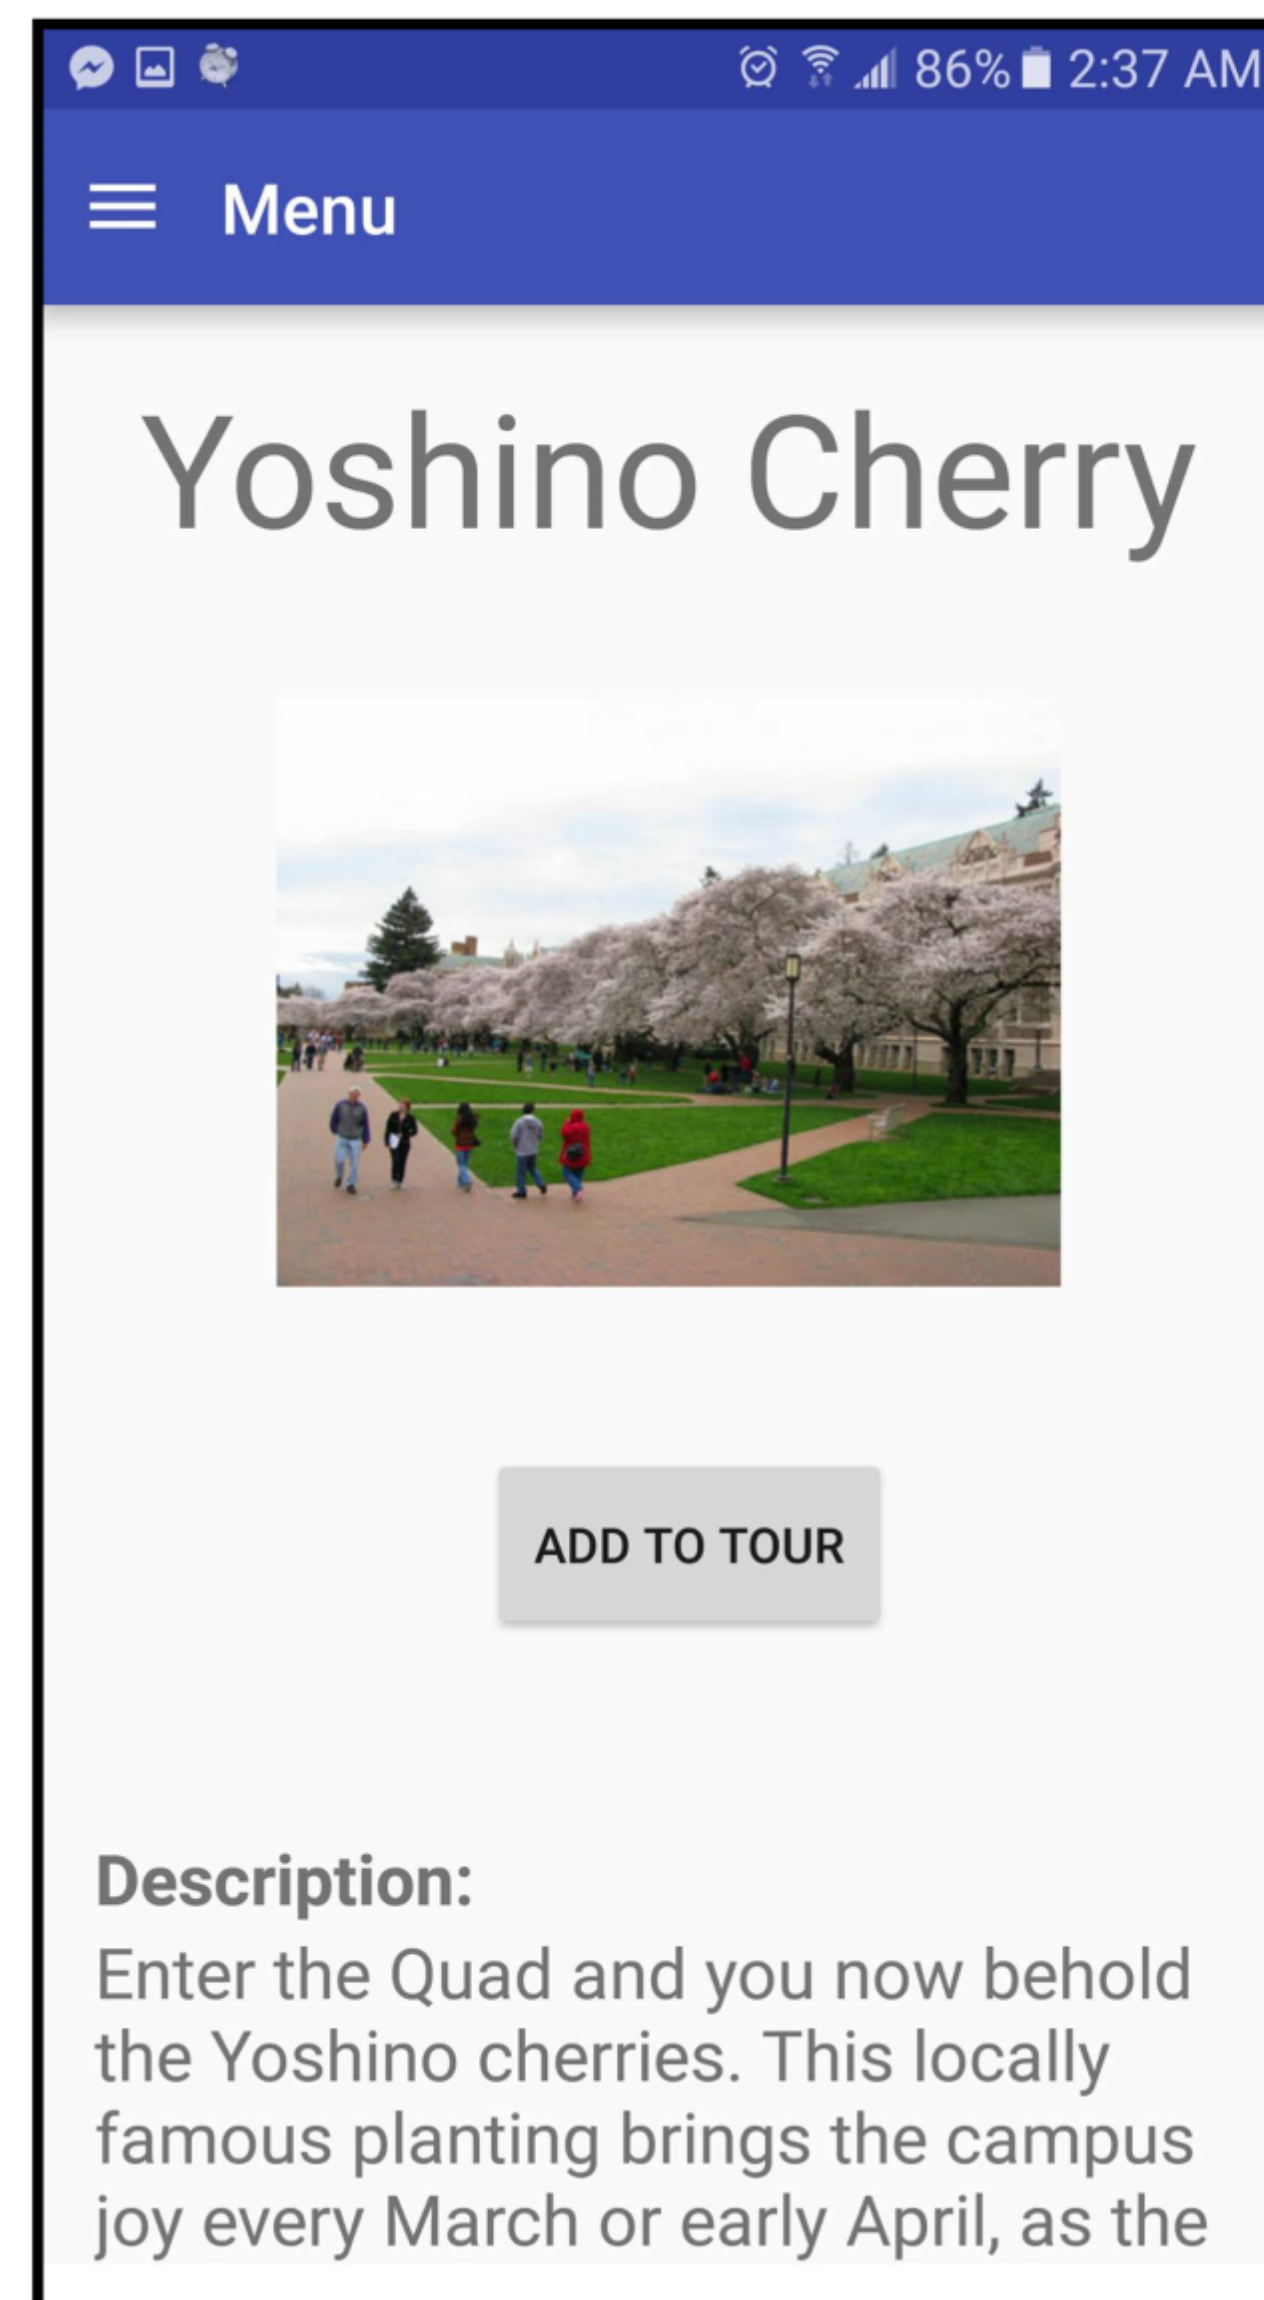

## Features

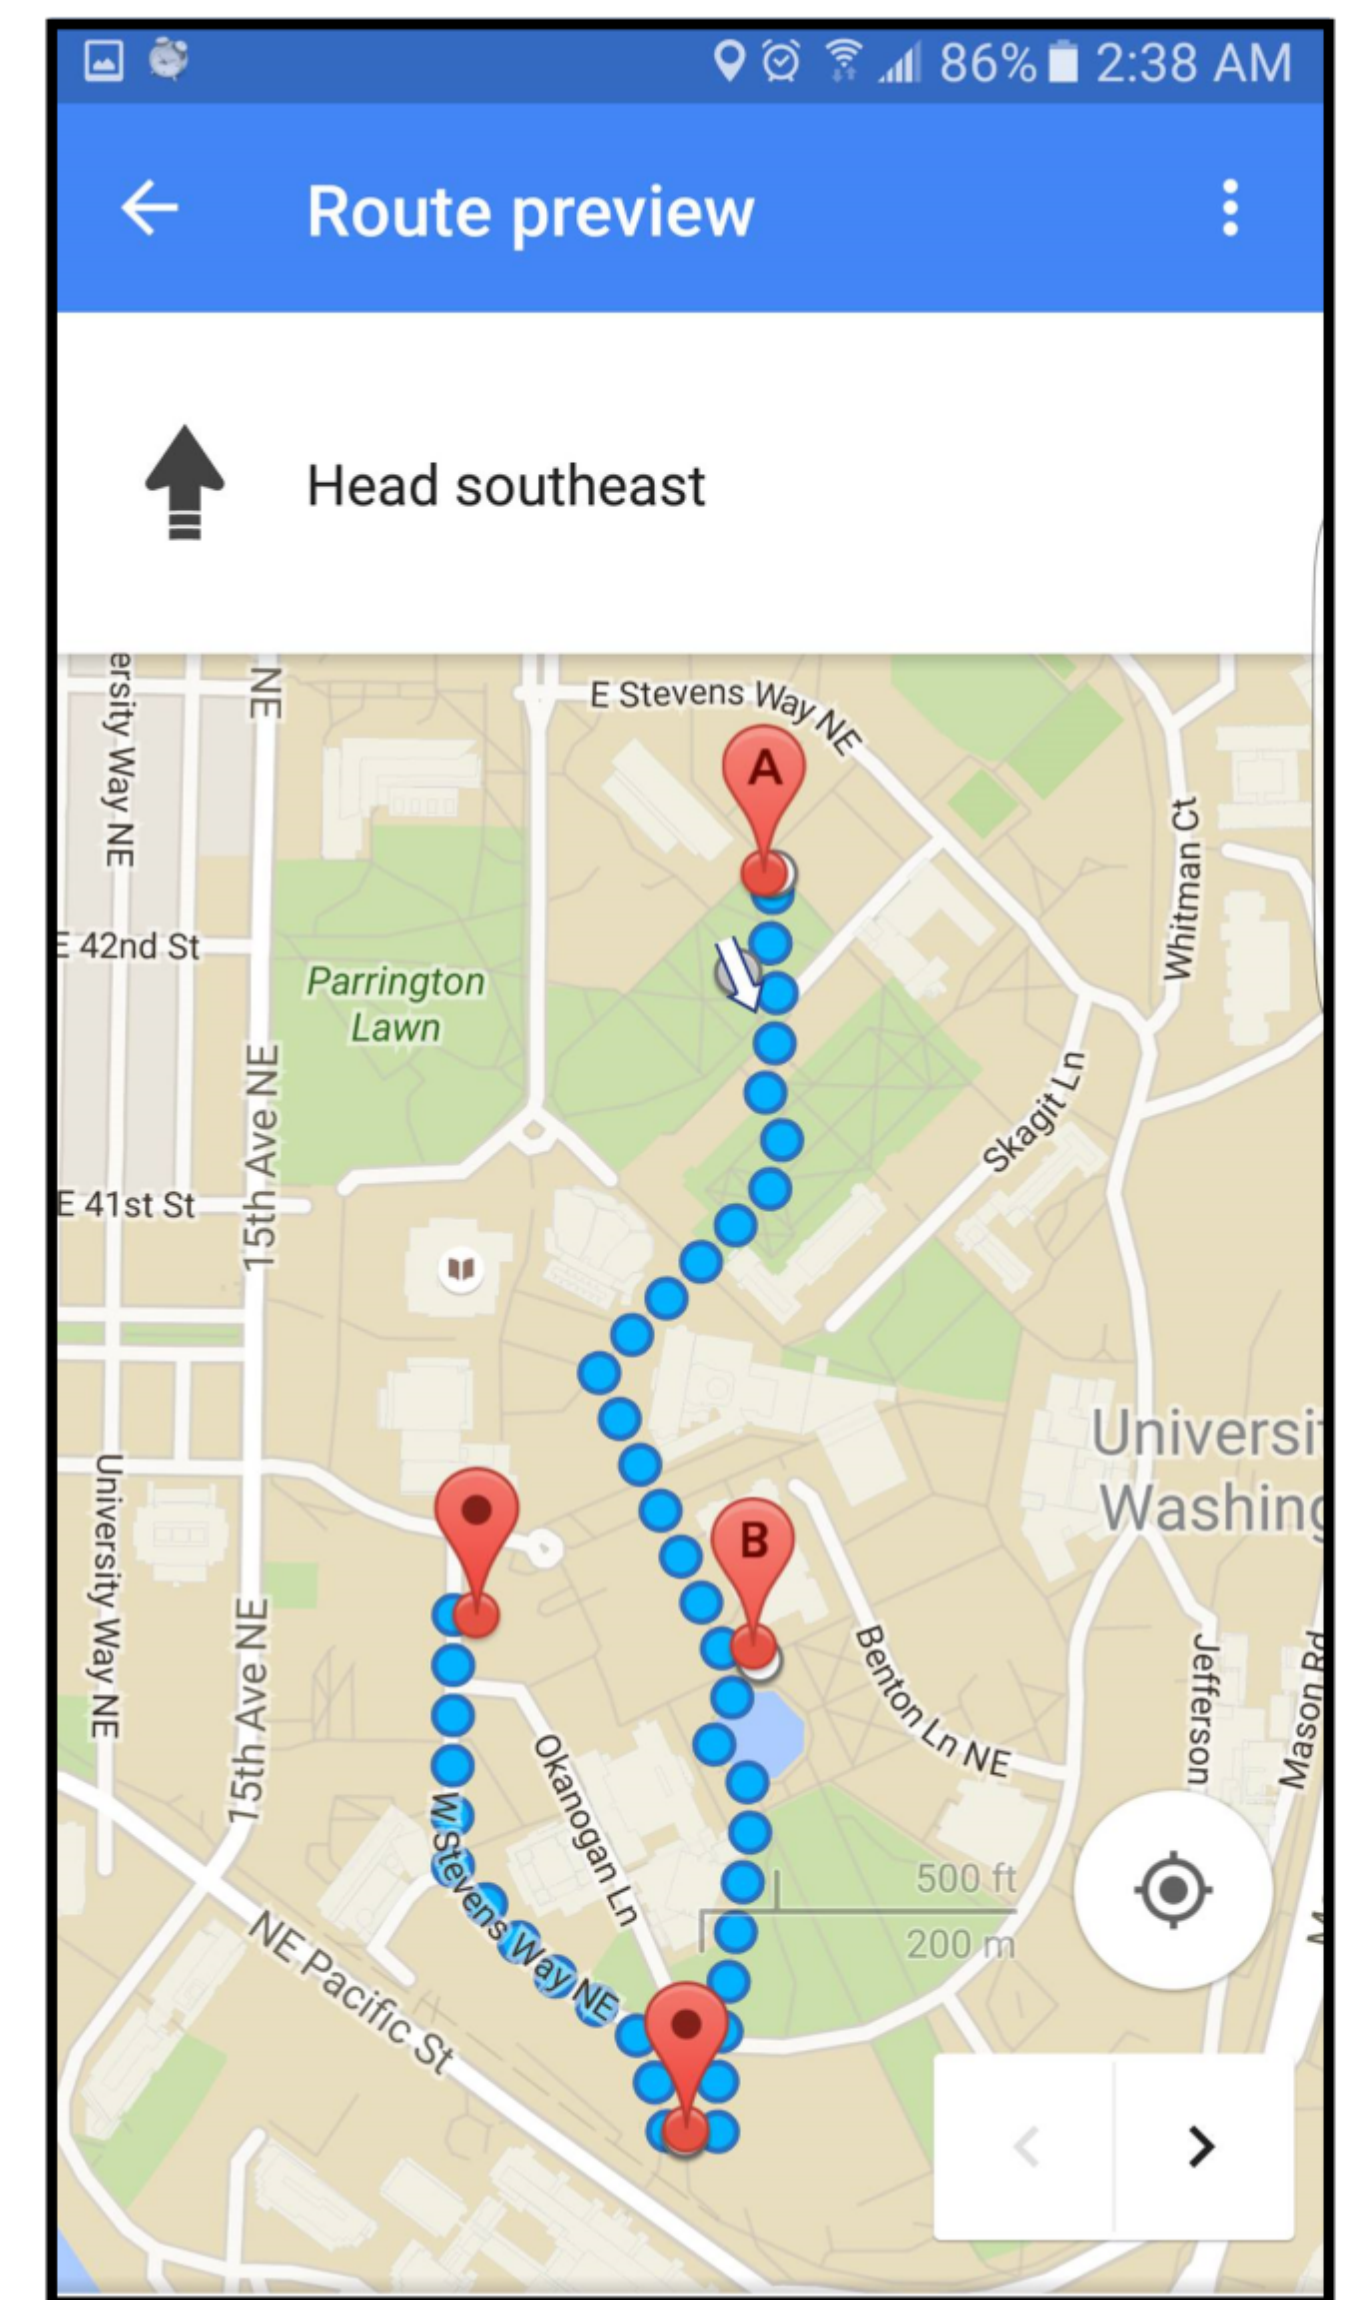

Trees species as  
pressable markers

Tree directory  
and search

Tree species  
information page

Navigate the  
tree tour
