

# FoodSavr

*Be the master of your own kitchen.*

Our iOS application helps people achieve less food waste and be exposed to new recipes that utilize food before it expires.

## FEATURES

-  Show the current items in the kitchen
-  Scan receipts to add purchased items
-  Take personal preferences into consideration
-  Share food with housemates
-  Prioritize recipes based on food expiration
-  Import friend list from social media

## KEY AUDIENCE

- Has a busy life
- Shops for groceries
- Cares about food wasting
- Lives with others
