

VISION ZERO

A VISION FOR SAFER STREETS IN SEATTLE

Who

Seattle DOT

iSchool Capstone Team working in conjunction with Seattle Department of Transportation

What

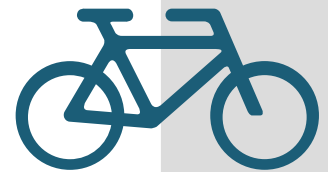

Collision Prevention

We aim to prevent traffic deaths and serious injuries resulting in streets safer for all

When

By 2030

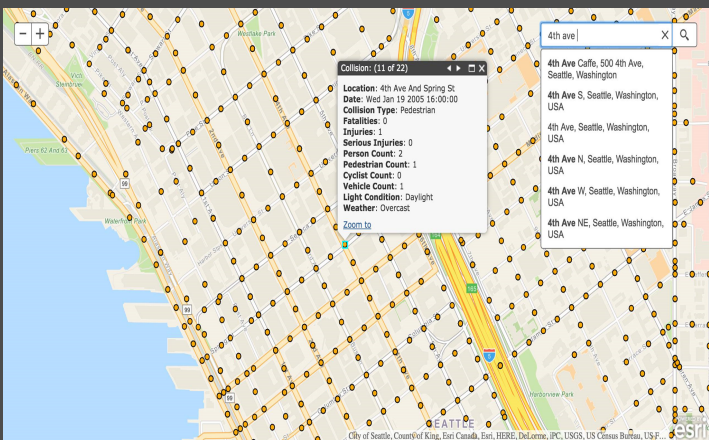

Our project will track the progress of this initiative, striving to reach our goal of zero fatalities by 2030

Traffic Deaths & Injuries are Preventable

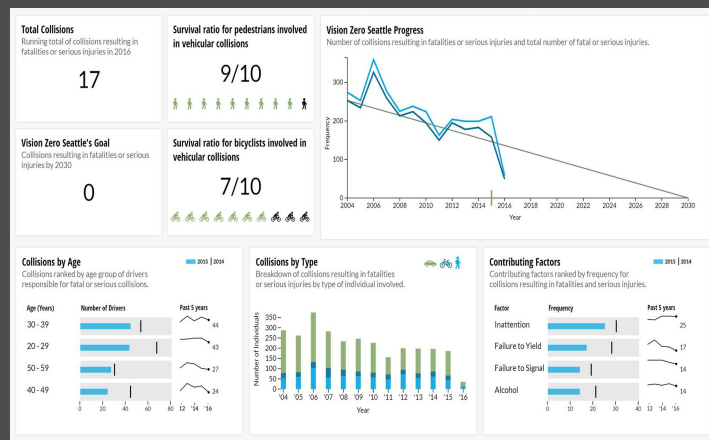

Our project aims to aid the improvement of street design emphasizing traffic safety, as well as provide targeted education through data-driven tools

Our Solution

Map Tool

Interactive map tool that allows users to interact and play with location specific data

Dashboard

Information-driven dashboard that compiles available data on traffic collision trends
