

Nudge

Adulting made easy!

Financial

Medical

Household

Automobile

Adulting is hard. The transition to adulthood is more difficult than ever before with more complexity and more responsibility than any other time in history. **Nudge** is here to help with that transition. **Nudge**, is an app that strives to make adulting easy and fun! By having different levels of questions and curriculum for core adulting activities, **Nudge** guides the user on a fun journey of learning and mastering the responsibilities needed to adult.
