Helping Seattle’s homeless find the information they need, when they need it the most

1. Current situation
   - It’s difficult for the homeless to find information on resources available
   - Sources aside from word of mouth are limited and hard to use

2. The People
   - 21% Increase of homelessness in Washington from 2014
   - 62% of homeless youth own a cell phone

3. Our project
   - A mobile friendly website that provides information on resources to Seattle’s homeless

4. Capacity Tracker for shelters
   - Displays real-time data on the number of guests coming into the shelter
   - 72 spots open
     - Reserved
     - Standby
     - Open

5. SMS Support
   - Text a location and what you need to get results
   - Subscribe to receive alerts from institutions

6. Future Steps
   - Local non profit Facing Homelessness interested in adopting for their own use

Acknowledgements:
- Prof. David Hendry
- Union Gospel Mission
- Facing Homelessness
