# TECHMENTOR
a mentorship management platform

Enabling organizations to build meaningful mentorship between their employees/alumni and the tech of tomorrow.

MENTOR   MENTEE

1 Mentors & Mentees signup

The mentorship manager invites the organization's employees and college's students to become mentors and mentees respectively.

2 Mentors matched to Mentees

Using our recommendation system, the mentorship manager can find and match the best mentee to each mentor thus ensuring better mentorship.
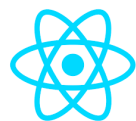

3 Mentors & Mentees meet

After being matched, mentors and mentees are introduced via email and the mentorship can begin.
